CENTENNIAL DAY AT ONTARIO PLACE

HALIBURTON SKATING CARNIVAL

The 'Place' is set - the date is set - Saturday, May 25th, 1974 will be Haliburton County Centennial Day at Ontario Place. There has been a Committee formed to take care of the organization, promotion, the program and planning of a very large day for the residents of our County. The County Centennial Committee along with your Chamber of Commerce have appointed Gary Agnew, Art Ward, Bob Beeney, Ron Barr and Larry Perrott as the 'On to Ontario Place' Committee. There will be many details to work out and this Committee will be meeting at least once a week until May 25th. It has been decided to hold auditions for anyone interested in providing their talent for the 'Forum' at Ontario Place. These will be held at the Haliburton Highlands Secondary School on two Sunday nights - April 28 and May 5, at 7.30 pm. Transportation arrangements are in the making, and it is the Committee's hope that we can obtain a train to take as many as possible to Ontario Place and return. Buses will also be available for those who wish to travel by bus.

As more information is available we will make certain it will be in the local papers. Should you wish to audition for our 'On to Ontario Place' Committee, or require any information regarding our day there, please call Larry Perrott at the Chamber of Commerce office 286-1760 or after hours at home - 457 2344.

At the County Office (286-1111) there are available decals (minimum purchase of 100) to be sold at 25¢ each, Centennial badges (minimum 40) to retail at 50¢ each. County Centennial Place mats will be available shortly from Webster Wholesale. Bumper stickers and name badges for group functions are also available at the County Office.

Guides

Karen Snell, Minden, Second Guide Company and Alberta Robinson, Fenelon Falls were chosen from Central Area to go to Ontario Girl Guide Camp, Doe Lake, for their Spring Conference, Mar. 29-31st, 1974.

Karen and Alberta made friends with girls from all over Ontario. There were some 80 Girl Guides and Guiders and committee members at the Camp. They had a very enjoyable weekend bringing back ideas for their Girl Guide Company.

Trees for Canada

By
Gerry Feltham

Boy Scouts of Canada have launched a mammoth growing project - to plant trees throughout Canada. During April and May they will plant one million trees - 500,000 in Ontario alone of which 10,000 will be planted by the Cubs and Scouts of the Minden area.

In order to accomplish this big task the boys will need a tremendous amount of encouragement and support from the citizens of our County.

The Trees for Canada project will represent the Cubs' and Scouts' Centennial gift to Haliburton County. However, it is anticipated to be an on-going project whereby a certain amount of replanting along with new planting will become a yearly event.

The site chosen for this year's planting will be the new Minden Recreation park.

David Leader, a private land technician with the Ministry of Environment, has recommended for this site the Carolyn poplars and the red pines - two species which are quite adaptable to this area. The Municipal Council and the Ministry of Environment have fully endorsed the Cubs' and Scouts' plan.

As in the case of a walk-a-thon, this project will require the Cubs and Scouts to get pledges from as many persons as possible. Soon you will be approached by a boy requesting you to pledge money for each tree he plants on your behalf. Come rain or shine your tree or trees will be planted on Sat. April 27th - the day of the big PLANT-A-THON.

This project will help beautify Canada, and provide a future source of necessary materials. Those Cubs and Scouts involved in the project will receive practical training in conservation and reforestation. Trees planted in the Recreation Park will serve as an excellent wind-break as well as to beautify.

Trees for Canada is also a fund-raising project. The funds raised through this project will be used to help further scouting in our community, develop campsites and meet other local needs. Some of the money will also be used to support Operation Amigo - an international brotherhood program designed to assist five South American

Doug Hardy

ONE HIGHLIGHT OF HALIBURTON'S SKATING CARNIVAL LAST SATURDAY WAS THE PERFORMANCE OF CLOWNS WHO KEPT THE AUDIENCE IN GALES OF LAUGHTER. IN ADDITION TO A PAID ATTENDANCE OF SOME 500 PERSONS, HUNDREDS OF CHILDREN ENJOYED THE CARNIVAL FREE OF CHARGE. SEE PAGE 8.

\$6,000 Hold-up

A 20-year-old Cambridge, Ont., man has been charged with the \$6,000 armed robbery of Bobcaygeon's Canadian Imperial Bank of Commerce last Friday.

According to police Vilnis Roger Jerva was apprehended scant minutes after a man waving a pistol and wearing a black 'afro' wig threw a rucksack at teller Mrs. Gail McColl about 6 pm Friday with the demand 'fill it up'.

countries to adapt scouting to meet their needs.

We call upon Haliburtonians to stand behind the Cubs and Scouts in their Centennial project-their Plant-a-Thon.

Twenty minutes later Provincial Constable Michael Ware of the OPP's Coboconk Detachment spotted 'a possible suspect car' at Peel's Corners, the intersection of Highway 121 and County Road 8.

According to OPP, a wig, a gas-operated pistol and some \$6,000 were found in the vehicle.

Only the manager, a clerk, two tellers and three persons in the manager's office were in the bank at the time of the robbery.

Police credited Bobcaygeon residents with supplying an accurate description of the man and the get-away vehicle.

UFO's Fewer visits

Reports of nightly forays by UFO's in the Boshkung Lake and Lochlin areas have diminished over the past week as either the UFO's or their observers appear to be on a Spring or possibly Easter break.

For close to six months now residents of these and other areas have reported almost nightly UFO sightings. Daytime sightings have been few. In most cases from one to 20 objects sporting red and sometimes white lights appear over lakes and fields from mid-evening on. They have been characterized by

sudden acceleration, erratic movement and noiseless hovering.

In one instance the frost on a window was reported to have suddenly melted when a hovering UFO directed an extremely bright beam of light on it.

In one report of a UFO sighting last February P.C. Barry Connelly of the Minden OPP said that while he was at the scene of the sighting his police radio would not work.

The object, spotted originally by Roy Russell of Dorset,

continued on page 12

HERE and THERE with NORM MAIDENS

There are still reports coming in about the flying saucers in and near Boshkung Lake but, with all my nosing around I can't seem to find anyone who will come out of the bushes and admit they've seen anything. There must be something afoot but, no one wants to get into the act. Personally I'm all for it -- as I told you some time ago, and described my experience to you, in October of 1947, sighted something as it passed over my head at McLaren's Creek just North of Lindsay on Highway 35 -- I received the same ridicule and joshing people get today, but, I know, or think I know what I saw.

There is one little incident that Mrs. Kay Lunham told me that shows her sense of humour has in no way been upset by the invasion in her area.

One Sunday afternoon a knock came to her door (one of many, since the UFO's have chosen her place to move around in). Mrs. Lunham opened the door and was faced with a bright-eyed 10 year old tourist youngster. He asked, 'Is this the place where you have the flying saucers?' Mrs. Lunham replied, 'Yes it is.' The young gaffer then asked, 'Is there any chance of me getting one to take home?' He was told about the saucers but unfortunately had to leave empty-handed.

Had a little story sent to me from Calgary -- the sender claimed we couldn't use it -- 'Our humour out here is a little too gutsy for you Easterners, your jokes are pretty good but they are a little tame.'

Now, I don't know about that -- I think we can hold our own with anyone in the joke department. Here's the 'Calgary' joke -- you be the judge.

'An elderly couple got married for the first time. When it came bedtime he took off his shoes and socks, my goodness, she asked, 'what happened your toe?'

'Oh,' he replied, I had toe-maine poisoning. He took off his pants and his knees were very crooked, 'my goodness, your poor knees, what happened to them?' He said, 'Oh, I had knee-monla'. He finished undressing and she said, 'It sure was a good thing you never got that dicktheria.' And, there you have it.

Got a couple of letters from 'Bill' Scott, our man in Ottawa and he's laid on the ground rules for getting the 'Howland Jet' sign returned to its proper place.

Mrs. Grace Simmons is carrying the ball in Irondale and she is getting the council to do the necessary paper work. My good friend 'Bill' McDonald in Fort Lauderdale, Fla. really hit me this past week. First he sends me a couple of small books with 'Bits and Pieces' that I can use in the column then followed up with a box of Tangerines and Grapefruit, this is quite a treat for someone who has to use his imagination to see them growing freely in the South. Bill is a hard man to thank because he never puts his return address on anything. This'll have to do until I can thank him personally when he comes back for the summer. I'm getting some relief from my copper band plus one hell of a dirty wrist -- I'm also getting a lot of 'phone calls and letters about others who have used the band. I'll tell you about them next week.

That about does it -- not too much going for us this week. Before I close here's part of a letter I got from Fenwick Finch. He has spent the past week in Intercourse, Pa. and is apparently enjoying himself.

His letter, in part concerns a visit he had to a Doctor's office.

'----- I heerd you bin avisttin' that ther dentist feller Dr. John Purc and are agettin' yer molers fixed. He's a right smart feller and I were athinkin' of you when I was in a Doctor's office down to here. This here office is fer two fellers, one a medical doctor and tother a dental feller. They was a bunch of old codgers asettin' around the wait-in' room but nobody seemed to be agoin' into th' dental feller. He came out and asked, 'Aint there nobody here fer me at all?'

One old duck spoke up, 'Nope, young feller, we ain't agoin' to git no work done onto our teeth until we've seen the other Doctor and find out whether she be worth while er not.'

Drive carefully -- you may be being watched from the 'skies above.'

Report from Parliament

by WILLIAM SCOTT M.P.

With the coming of Spring it will be easy for most people to forget the great energy crisis of the past Winter, but those of us in Parliament must not be lulled into thinking that it will not happen again next year. In actual fact there was not a grave fuel shortage last Winter, but rather an energy scare, but we now know that such a scare is as much a crisis as a genuine shortage.

The main reason for the great concern on the part of Canadian consumers was that they did not know whether or not they would be able to buy enough fuel oil to carry them through the Winter. When it became obvious that the federal government didn't know either, then it is understandable that the average citizen should feel that a real crisis was upon them.

Over the past year I have been urging the government, in my speeches in the House and in this column, to develop a national energy policy, and to undertake a study of our energy requirements. I called upon the government to make an assessment of our present and future energy needs, and to measure these needs against our present production and our known reserves of fossil fuels.

This should have been done years ago. We have known for years that the political and military situations in the oil-producing Arab nations would remain unsettled far into the future, and that we could not place too much confidence in their willingness or ability to keep providing us with crude oil. We learned last Winter that imports from the Middle East countries could be shut off without notice, and we were not prepared. And, in spite of the lessons we should have learned in the past months, we are still not any closer to having a national energy policy.

In the last two months of 1973 the Department of Supply and Services scoured the world looking for fuel oil that could be purchased, letting it be known that price was no object. Five million gallons of fuel oil were bought from Romania at a cost of 99-1/2¢ a gallon. Another 21 million gallons were bought from other sources, at a slightly lower cost per gallon, but the total bill was \$20,508,814. In other words, we paid about 89 cents a gallon for fuel oil to get us through a supposed crisis, and every drop of that oil is still in storage.

The storage bill for the oil has so far cost us \$212,000, and there are no offers to purchase the oil from the government that come close to what we paid for it. The best offer made to date is about 15 cents a gallon, which means that the loss to the taxpayers of this country could run as high as \$15 million dollars. Even in the height of the imagined fuel crisis last Winter the world price for the oil we bought was only 30 cents a gallon, and that was an inflated price.

Another disturbing aspect of the fuel purchase is that it is a very poor grade of oil, containing more sulphur than is allowed by our federal clean air legislation. It seems that the agent employed by the Department of Supply and Services was not even informed of the grade of oil that we wanted to buy, and it is highly probable that the oil we have in storage may have to be refined again before it can be used. This will add a great deal to its cost, and to the total loss to the federal treasury.

The tragedy is that the government acted in panic in buying the fuel, simply because it did not know what our projected needs would be, or what our ability was to provide those needs. This information could and should have been available to us years ago. The information is available, but it has not been assembled by any government department, and we can only wonder now whether the government will at long last take steps to develop a national energy policy.

LETTERS TO THE EDITOR

Telethon

Let's get on the bandwagon and support the Rotary Telethon. Assisting crippled children has to be one of our society's most worthwhile causes. So far, out of 1150 pledge forms sent out in the Minden area only 188 have been returned. To date just \$735.50 has been pledged from our area. Last year we donated over \$1,060.00.

Get those pledges in and put this project over the top!

Misguided

It would seem that Ottawa is about to bring down legislation, if you please, to protect the Canadian Football League in general and the Toronto Argonauts in particular from possible competition. This has to be the ultimate example of misguided nationalism. The CFL and its Argos should compete in the marketplace like any other business enterprise. If the consensus is that they are unable to do so, then it would appear that Canadian football has actually been ripping off its fans with an inferior product all these many years. Maybe a little competition from the WFL is just the shot in the arm that our CFL needs.

The federal government would be well advised to concentrate on some of Canada's more pressing problems such as inflation and unemployment and leave pro-football to the Pros.

Tree planting

Elsewhere in this week's Progress the Minden area Cubs and Scouts have announced a mammoth local tree planting project. Intended to beautify the community centre area, it is part of a Canada-wide project in which Cubs and Scouts will plant some one million trees this Spring.

It sounds like the Cubs and Scouts have really got a good deed planned for us this time.

Good luck, boys.

CHEAP THIEVES

The high price of food has apparently caused some person or persons to stoop so low as to take the food out of a dog's mouth.

For the second year I experienced a loss by thieves of 50 and 100 lbs. of bagged dog ration. Two weeks ago I purchased the entire stock of dog food of a Haliburton merchant knowing that in a short time there might not be enough snow to skidoo in the 1-1/2 miles to my camp nor would the road be fit to drive. So I stock up to ensure the dogs will be well supplied. This time the bags were thrown behind a trailer about 100 feet in from #35 highway so they were not visible to anyone driving by. They would be seen by operators of snowmobiles coming out to #35 from the Old Bobcaygeon Road. From Sat. night at 7 pm to 10 am Sunday morning the loss occurred.

It means perhaps that the police should check anyone moving such material by skidoo and let them explain where the goods were obtained.

With cheap thieves like this, I must conclude that the world is going to the dogs.

G. Bartley.

April 2, 1974
Haliburton County.

The Editor,
The Minden Progress,
Minden, Ont.

Dear Sir:

Rifle shots fired at UFOs! Shame on you Haliburton!! What a sad state of affairs when this is allowed to happen! On Nov. 29th, 1973 the Gallop poll released a report which shows that fifty-one percent of the American public now believe in the reality of UFOs. Too many reliable witnesses have reported them. Too many people are wondering about them. Also there are too many people wondering about the people who are seeing them. This accounts for many silent witnesses, who are wary of exposing themselves to ridicule, and never tell their story to anyone. UFOs are an issue whose time has come! The thought that flying saucers are so real, seems to be less disconcerting than the great 'Cosmic Watergate' -- the suppressed knowledge that SOMETHING is taking place on this planet, that is puzzling and baffling to the world's scientific community. More and more sightings are taking place the world over. What happens to investigated reports? Quite a number of Haliburton County residents have had a close look at this great phenomenon, and though disturbing, it should be looked upon, not as a frightening ex-

WORKING TOGETHER, WE CAN DO A SUPER-JOB

perience but rather one of curiosity. Why are they here? What are they doing? Have they ever at anytime appeared hostile, done any real harm, or created any real hazard?? The fact that anyone could recklessly take a pot shot at a UFO, for no good reason, is a stupid act.

It shows a lack of common sense.

If there is need of proof of the reality of extraterrestrial craft, the human race is certainly unready to appreciate the knowledge, as long as there are gun toting, skeptical, aggressive types looking for a kill as proof! Not many scientists in this day and age would mock the notion that some other heavenly body could produce an intelligence capable of a more advanced space program and get it underway a few hundred years before ours. As a tourist area, Haliburton County extends hospitality to all visitors. Let's not exclude this possibility that we may be having visitors from outer space. It isn't long ago that a community in the Canadian Northwest, after a number of sightings, set up a 'landing strip,' and a big sign in the snow saying, 'Welcome UFOs.' How welcome they would be if, in their advanced state of intelligence, they could bring some enlightened answers on how to steer THIS confused, bungling civilization into a happier state of living, for all mankind.

Who knows, maybe some bright day, our government will issue us with a pamphlet, on what to do, and what-not-to-do, when you meet up with a UFO!

Sincerely,

Edith Sanders,
Green Gables Rd.,
R.R. 1, Norland.

THIS WEEK from Ottawa

ENERGY AGREEMENT

Prime Minister Trudeau and Canada's provincial premiers reached a 12-month agreement establishing a single national price for domestic and imported oil.

The Prime Minister and the provincial leaders agreed to increase the price of Western Canadian crude oil to \$6.50 from \$4.00 a barrel.

The increase in the price of crude oil to \$6.50 a barrel is still about \$4.00 below the world price.

Following the agreement, Prime Minister Trudeau told a press conference that "it couldn't be a better day for federalism."

URBAN ASSISTANCE

The Liberal Government recently won a vote of confidence on its new \$100 million urban demonstration program.

The program, introduced by Urban Affairs Minister Ron Basford, will provide funds for such projects as a new sewage system to eliminate wastes flowing into the Okanagan water basin; complete redevelopment of the Halifax waterfront; relocation of the Oshawa airport and converting it into 600 acres of residential land; and new methods to redevelop decaying downtown areas in Canadian cities.

Proposals for projects can be put forward by federal departments and agencies, by provinces, by municipalities, by the private sector and by individual Canadians.

BILINGUALISM PROGRAM LIBERALS RE-ELECTED

Secretary of State Hugh Faulkner announced a five-year renewal of the federal-provincial program on bilingualism in education.

The aim of the program is to ensure that parents of either official language have the opportunity to educate their children in their own language and to enable students to learn the other official language as a second language. Some \$70 million will be spent on the program annually.

The Liberal Government of Premier Gerald Regan was swept back to power in Nova Scotia's general election.

The election gave the Liberals 31 seats, the Progressive Conservatives 12 seats and the New Democratic Party 3 seats.

The three party leaders, Gerald Regan, Conservative John Buchanan and the NDP's Jeremy Akerman all won easy re-election.

Cancer a Personal Challenge

by
NORM MAIDENS

(SEVENTH IN A SERIES)

Cancer can be beaten -- but, only with your help. An early examination by your own Doctor may be the difference between a cure and problems. Don't let fear hold you back, your life is the price you pay for waiting when you should be taking action.

Instead of statistics this week or so let me tell you about Princess Margaret Lodge.

I have been getting quite a few 'phone calls since I started writing these articles and I appreciate their interest very much. I was quite surprised when two of my callers told me that they had been checked into the Lodge but at the last minute refused to stay there. One stayed with friends and the other in a nearby hotel. Both taxied too and from the Hospital. When I explained to them what the Lodge was like they regretted that their fear of what they might find at the Lodge had cost them beautiful accommodation and understanding care.

Princess Margaret Lodge is NOT a hospital nor an Institution--I'll tell you more about this part of the Lodge next week when I tell you of my experience with the Lodge and it's staff. This week I'll give you a little of the background. Previous to 1958 cancer patients were treated in the old Dunlop Building, the Cancer unit of the Toronto General Hospital.

In 1958, when the Dunlop building was replaced with the fine, new Cancer Institute adjoining Wellesley Hospital things began to move into a more modern age. Later in 1958 Princess Margaret visited Toronto and the Ontario Government under the Premiership of the late Hon. L.M. Frost requested her Royal Highness to consent to the hospital being in her name.

On November 12th, 1958 the dream of providing a home for cancer cases came true when the Hostel was built at a price of some \$750,000.00.

The Hostel located on Jarvis Street became later known as the Princess Margaret Lodge.

The opening ceremonies were very impressive and the corner stone was laid by Prime Minister Frost. The Lodge is well-staffed and offers those staying there the use of games rooms, speech therapy department, there is also a rehabilitation centre in the Lodge, the protheses area is located here also and volunteer crafts and projects are located here as well.

Next week I'll tell you about my stay at the Lodge and you will see that you should have no fear of the place--the surroundings are beautiful--better than most places you could stay at if you were on vacation. The Lodge is staffed by 'exceptional' people.

Be with me next week when I tell you about it.

HALL'S LAKE NEWS

by Doreen Stinson

Mr. and Mrs. Wm. Gartshore and Miss Margery Johnson have gone to spend Easter with relatives in London, Ont. Mr. and Mrs. Robert Jennings of 'Sandy Lane Resort' have departed for a holiday at Daytona Beach and Fort Meyers in Florida.

Mr. Albert Hart played the organ at St. Stephen's Church for Palm Sunday and will also be our organist for Easter Sunday. The last time he played was in 1942 when the bombs were falling over London, England and he played the large organ in the Polytechnic where troops were learning trades and went underground during the air raids. Mr. Hart is over 70 and a living example of how useful and

important a part of community life a person can be. He played very well and everyone enjoyed singing the lovely hymns.

Mrs. Mary Oliver is staying with Mrs. Jean Wheeler at Kushog Lake for a time.

Letters are going out to people in the area to tell them of the Centennial Project for Stanhope--making the Log Cabin at Hall's Lake into an early Settler's Cabin--and furnishing it with antiques. All will depend on the response and the go-ahead from the Highways Dept. et, as to whether the Committee will proceed with the plans to have it open to the Public during July and August. Since this is the 100th Birthday for Haliburton County it is hoped some enthusiasm will be shown by local residents and Summer residents as well as visitors.

Our snow and ice banks are gradually disappearing and with Easter just a week away it is beginning to look more like Spring.

Mrs. Della Johnson has returned from a visit with her daughter in Toronto.

RETAIL SALES SEMINAR

Your Haliburton Highlands Chamber of Commerce has arranged a special 'Retail Sales Seminar' that will be of interest to all Merchants, Businesses, related Service outlets and to any of their employees able to attend. This Seminar will include such subjects as Sales, Customer relations (both in store and telephone) and panel discussions on subjects relative to small businesses. Also, there will be a prominent luncheon speaker. Plan now to attend.

CENTENNIAL CORNER

THE MUNICIPALITY OF DYSART ET AL

In 1861 the Canadian Land and Emigration Company purchased from the Government of Upper Canada nine townships consisting of Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton, Havelock, Eyre and Clyde, now known as 'The Municipality of Dysart et al' with their Municipal Office in the Village of Haliburton in Dysart Township.

The Municipality was incorporated by By-law No. 272 of the County of Peterborough in 1865 to take effect January 1st, 1867. Our first Council meeting was held January 7th, 1867 even before Canada became a Dominion. The following members composed that Council:

John Lucas	Reeve
W.A. MacDonald	Councillor
W.C.R. Stewart	"
Daniel McFarlan	"
W.W. Smith	"
J.R. Erskine	Clerk

We have now had 103 councils, the present members being:

Roy Brohm	Reeve
Murray Fearrey	Deputy Reeve
Harold Bannon	Councillor Ward 1
Lloyd Coneybeare	Councillor Ward 11
Lawrence Morrison	Councillor Ward 111
W.B. Wood	Clerk

Our municipality in the beginning was one richly timbered, and for many years the main industry was lumbering and logging. That industry has now declined and we look to Tourism as one of our main attractions.

Our municipality has a great many beautiful lakes, many of which have been developed, thus adding both populace and financial aid to our economical development. Our resident population soars in the summer from 3309 to some 55,000 or more.

We feel that we have a great deal to offer the public in our Churches, Service Clubs, Arenas, Schools, Hospital, Fire Department and Ambulance Service.

COUNTY... where life is living - for everyone

TODAY'S HEALTH

Are You Poisoning Your Child?

by David Woods

There is another drug problem. It isn't new. It has nothing to do with marijuana or heroin. But it's pretty serious nonetheless.

Fifty per cent of poisonings in children are caused by drugs, and the principal offender, believe it or not, is aspirin—good for your headache, perhaps, but also potentially lethal to your toddler.

Of course, the child who poisons himself with too many pills can hardly be blamed for his actions. The responsibility must rest with careless adults who leave drugs, or other potentially poisonous substances, within reach of children.

The fact that nearly all child poisonings occur in the home points to negligence as a prime cause. This is particularly true when you consider that nine out of ten children poisoned are between one and five years old. This group is far too young to seek out harmful substances and experiment with them. They are simply inclined to place everything that looks remotely edible in their mouths.

The first preventive step, obviously, is to move all potentially harmful drugs and chemicals out of the reach of children. A good second precaution is to keep the phone number of the nearest poison control centre, doctor, or hospital somewhere near the phone, clearly identified for easy reference, even by non-members of the family—say, your baby-sitter.

Ideally, drugs should be kept in locked bathroom cabinets. Various household cleansers that are potentially lethal should not be kept under the kitchen sink—but placed up high where safari-bound preschoolers won't start playing with them.

Aspirin accounts for roughly one-quarter of child poisonings. However indispensable you may find it in your home, it'll take something

stronger than that to relieve the headache induced by whisking a child off to hospital who has swallowed a dozen or more tablets at one go.

Not all poisoning is preventable of course—children aren't always under the direct supervision of parents. Parents would be wise, therefore, to learn something about first aid—what to do in the case of, say, snakebite, or a child swallowing a coin or a pin.

Although parents must bear the main burden of responsibility, poison control outside the home environment is also improving. Drug bottles are now increasingly available with child-proof caps (they're often adult-proof, too). Education programs (through government information and similar services) are improving—and labelling is now explicit and informative.

The latest available statistics show that tots one to four years old are far and away the most susceptible to accidental poisoning. Nearly nine times as many cases were reported in this group as among the 5-14 year bracket.

Tranquillizers, sleeping pills, vitamin tablets, birth control pills and many other drugs commonly found in the home figure prominently in child poisonings. In the under-fives, cleaning and polishing agents follow aspirin as the most frequent cause of poisoning.

What can you do about it? Accept that pre-schoolers have an insatiable curiosity: they seek out anything within reach—to touch, play with, taste.

Then keep those substances that could be potentially harmful to them out of their reach—well out of reach.

David Woods is a former editor of Canadian Family Physician magazine. He has served on the medical staff of four medical publications, and written for several others in Canada and internationally.

Many Painful Foot Problems Are Caused by Extreme

Overweight, Says Expert
tees of the American Podiatry Assn.

Among the problems are premature arthritis, ingrown toenails, athlete's foot, corns, calluses and arch troubles, said Dr. H. Darrel Darby, a member of the Board of Trus-

Further, said Dr. Darby, because their feet hurt, obese people are hampered in taking bodily exercise vital to general health.

New Zealand Lamb

Chefs' Winning Recipes feature New Zealand Lamb

A grand finalist in the National Chefs' Competition in New Zealand, was a recipe for peppercorn steak, made with tender, meaty rib lamb chops instead of beef! This has doubled impact because the competition was held in New Zealand, the world's prime lamb export source, where sheep outnumber people 20 to 1.

Guests at the Hotel Intercontinental, in Auckland on the North Island of New Zealand, where Fourth Cook Richard Skinner invented Peppered Lamb, know a good pepper steak when they taste it. They taste it often. Peppered Lamb, served with a plum dip sauce and fresh vegetables, including New Zealand's own sweet-potato-like kumera, is a favorite on the hotel menu. New Zealanders, whose South Sea country is naturally ideal for sheep raising, really appreciate lamb. They are quick to recognize a good recipe when one comes along.

Another contest winner was Canterbury Lamb, created by Chef Colin Browne of El Trovador Restaurant in Auckland. The Canadian version of this hearty New Zealand dish substitutes sweet potatoes for the native kumera — but the results are still worth writing home about — even if home is New Zealand!

While the kumera is not available, the most important and irreplaceable ingredient, succulent New Zealand lamb, is at your meat market, frozen spring lamb, even in winter. Young spring lamb from New Zealand is available here all the year around, not just in our springtime or theirs because it comes to us flash-frozen at the peak of flavor. What a way to enjoy a new kind of steak!

Peppered Lamb Chops

- 6 New Zealand Lamb Rib Chops
- ½ tablespoon black peppercorns, crushed
- ¼ teaspoon salt
- ¼ teaspoon paprika
- ¾ teaspoon chopped fresh or 1/3 teaspoon dried mint
- 1 clove garlic
- 1 tablespoon oil

Trim excess fat from bone ends. Combine crushed peppercorns, salt, paprika and mint and press into surface of meat. Rub bottom of skillet with garlic. Add oil to pan and heat. Saute chops 3 to 4 minutes per side. Makes 3 servings.

Plum Dip Sauce

- 1 small onion, chopped
- 1 clove garlic, chopped
- 2 tablespoons butter
- 1 jar (8 oz.) plum jam
- ½ teaspoon ground ginger
- 1 jar (8 oz.) chutney
- Dash vinegar, dash sherry
- Pinch mono-sodium glutamate
- Salt and pepper to taste

Saute onion and garlic in butter. Add remaining ingredients and cook gently over low heat 3 to 4 minutes. Serve with chops. Makes 2 cups sauce. Keeps well.

Canterbury Lamb

- 6 double-thick New Zealand Lamb Loin Chops
- Salt, pepper, rosemary
- 1 lb. sweet potatoes, diced small
- 2 onions, chopped
- ¼ cup butter
- 6 slices day-old bread, trimmed and diced
- 2 eggs
- ½ cup milk
- 2 tablespoons chopped parsley
- 1 cup bouillon
- 1 tablespoon tomato paste

Split chops to make a pocket. Season with salt, pepper and rosemary. Cook potato and onion in butter until tender. Mix with bread dice, eggs, milk and parsley, season to taste. Fill pockets in chops and fasten with skewers. (Leftover stuffing mixture may be baked separately). Roast in a moderate oven (350 degrees F.) about 30 to 45 minutes until the chops are done to taste. Remove to serving dish and keep warm. To make sauce, pour off all but 1 tablespoon pan drippings. Sprinkle with 1 tablespoon flour, brown slightly. Add the bouillon and cook, stirring in the brown bits that cling to the pan, until the sauce is thickened and smooth. Strain into a heated sauceboat; stir in the tomato paste, adjust seasoning with salt and pepper. Spoon on chops. Makes 6 servings.

An attractive, full colour, 36 page New Zealand Spring Lamb recipe book is available free and post free from The New Zealand Lamb Information Centre, 36 Toronto Street, Toronto.

Peppered Lamb Chops
Win Chefs'
Recipe Contest

These lamb chops *au poivre* (with crushed peppercorns) and the plum dip that accompanied them, were finalists in New Zealand's National Chefs' Contest. This new kind of "pepper steak" is a real winner!

ABOUT THE TOWN

with Jeanne Sears

Another great Canadian has died, A.Y. Jackson, the only surviving member of the Group of Seven Artists at age 91. He had often chatted recently with visitors at the McMichael Canadian Collection at Kleinburg and often signed autographs for them. He was a robust outdoorsman and carried his paint box as far north as Baffin Island and through the Northwest Territories and his painting portrays Canada in its rugged beauty.

There were draws made on tickets at the Skating Carnival and winner of the \$5 voucher from Simpson-Sears was Nicole Lertiniere and winner of the book 'In Quest of Yesterday' was Shirley Howe.

Spring is a magic show, Spring is a hocus pocus; Now you see a bank of snow, now a field of crocus. Nothing's up her sleeve now, but the thousand paper hats, Of daffodils and a bare bough, turned to 'Pussy Cats' Ethel Jacobson.

A Boutique and Rummage Sale will be held on Friday, April 26th from 11 am - 8 pm, in Minden United Church Hall.

All their friends send good wishes to people in hospital, included are Mrs. Mike O'Neil at Princess Margaret, Mrs. Bradley McKnight at Ross Memorial, Jack Cluff at St. Josephs, Peterborough and Mrs. Bill Scarlett in the local one.

The last two Wednesdays there were Book Exchanges through the nine branch libraries in this County. This time this was done by truck with half the places done each of these days. They all received 25 adult non-fiction, 25 juvenile non-fiction, 50 juvenile fiction, 25 picture books, 75 adult fiction. Equal numbers were selected by the librarians and these were all processed at the Library Office. This exchange also gives each branch new books just processed and one that came to Minden was The Last Spike and National Dream' in one book, just now being shown on T.V.

Don't miss the Minden Hockey Bash (Dance) at the Recreation Centre this Saturday night at 9 with Bar and Lunch and tickets available from Hockey Executive Members. At the weekly Mini Card Party last Thurs, afternoon at the Parish Hall winners were for bridge Isobel Harrison, for cribbage Joyce Hewitt and Cora Hewitt, for euchre Eleanor Walker, Johanne Beattie and Lydia Coulter. The Bake Sale, proceeds for Minden Nursery Play, will be Sat. April 13th at 9 am at Stedmans. The draw for the 19 piece Stainless Steel Set will be made after the Sale and this will be on display there that morning. Pick up your tickets from Nursery Mothers or during the Sale.

Birds are Chirping, days are longer,
Mornings not so dark,
Soon be time to dig and hoe
Or wander in the park,
Nice to see the Spring again,
Even through a cloud of rain!

F. Gay.

We notice that some of our stores will be open Wednesdays from now through the Fall--a convenience for everyone though the Drug Shoppe has not closed Wednesdays all this winter.

This is a good time to take advantage of the sales on winter clothes which are going on in various stores and in the catalogues. A fine saving and also you will then have warm clothes when cold winter comes suddenly next Fall. It's a small world, Diane and Glen Coulter on a trip to Spain noticed on their Hotel Register people from Lindsay and Cameron.

Sincere sympathy to the family and friends of the late Mrs. Andy Bull whose funeral was earlier this week. Easter Season there will be Special Services at local Churches, so check this paper for details.

I'm glad our Master found the time
To add the little frills;
Among the vegetables and trees,
Put yellow daffodils.
We needed birds to eat the worms
So other thing could grow--
How wonderful He made them sing
In notes so sweet and low,
He made for us long winter months,
The summertime did bring--
And then, with such a lovely touch,
He sandwiched in the Spring.
Beatrice Telfer.

The coming weekend will see many families with guests and if the weather is favourable some cottagers will come to see how conditions are at their summer homes. Pussy Willows are out, wonder when the ice will leave the lakes.

Cheerio until next time.

TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

A pleasant smile and a pleasant personality add up to Doug, a pleasant boy.

Just-turned-10, Doug is Anglo-Saxon and French in descent. English-speaking, he is learning French. Doug has shining blonde hair, blue eyes and fair skin. He is slimly built and in good health.

Doug has a speech defect which is being helped by speech therapy. He is not self-conscious about it and does not let it interfere with his enthusiastic conversations. The therapist says his progress is good but he will continue to need therapy for some time.

Considered to be a slow learner, Doug is in a special class, joining the regular classes for music, gym and French. Gym is his favorite. He likes school and looks forward to going every day.

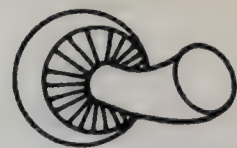

Doug is a neat youngster who likes to keep things in order, both in school and in his foster home. He is interested in mechanical things and good with his hands, handling tools well. He is keen about horseback riding and fond of skating, bicycling and basketball. He is fond of music and may have some talent.

Doug's social worker says he is a kind, gentle, sweet-natured, lovable boy. He needs a family where those qualities will be valued and where there is no pressure for academic achievement.

To inquire about adopting Doug, please write to Today's Child, Ministry of Community and Social Services, Box 888, Station K, Toronto M4P 2H2. For general adoption information, please contact your local Children's Aid Society.

HE LOVES HORSES

Egg Roll Up

Serve sliced with mushroom, cheese or tomato sauce, etc. (may use condensed soup or sauce mixes), baked potatoes, carrots and green beans.

- 1 recipe tea biscuit dough
- 1/3 cup finely chopped onion
- 1/4 cup butter
- 1/2 cup flour
- 1 1/4 cups milk
- 6 chopped hardcooked eggs
- 1/4 cup coarsely chopped bologna, cooked chicken, ham or fish, etc.
- 1/4 cup chopped sweet pickle

Make up tea biscuit dough from recipe using 2 cups flour. Roll into rectangle 1/4 inch thick. Slowly sauté chopped onions in butter until transparent but not brown. Blend in flour. Set off stove, slowly add milk stirring constantly, return to heat and cook until thickened. Add chopped eggs, pickle and seasoning to taste. Spread on tea biscuit dough, roll up like jelly roll. Seal edges by moistening slightly with water and pinching dough closed. Bake in hot oven, 425°F. for 20 minutes or until golden brown.

Yields 6 servings.

from page 1

seemed to appear and disappear, glowing brightly each time.

P.C. Connally described it as shining as brightly as a strobe or flashgun at times. When Mr. Russell and his wife saw the same phenomenon a week later near power lines they were advised by Ontario Hydro that there was a problem with the lines. 'But I think it was more than that,' offered Mr. Russell. 'It was kind of strange'. P.C. Ron Buchanan, also of Minden, recalled a similar experience back in 1968 when he was with the OPP's Pet-

erborough detachment. He and his partner, called to investigate a strange occurrence in the sky on Highway 28 near the junction of Highway 115, saw a large and lighted gray-colored, saucer-shaped object hovering in the sky. It remained there for some two to three hours. During this period the police car's radio transmitter would not operate but, became serviceable again once the object left.

Despite the current hiatus of UFO activity in the skies of Haliburton area residents and others wait nightly at the known 'hot spots' for their reappearance.

ture to the potatoes along with eggs and milk beaten together as for scrambled eggs. Sprinkle with salt and pepper and cook, covered, about 5 to 10 minutes until eggs are set. Cut in wedges to serve.

* Try this different twist for a liver sausage sandwich. Spread 1 piece of toast with liver sausage; top with applesauce and another piece of toast. Good eating.

* It may sound funny, but children will enjoy a combination of hot dogs spread with peanut butter. Try it.

* Try this as a party snack. For six open-faced sandwiches, toast six slices of bread. Place two slices of ham loaf on each piece of toast. Drain a 2 1/2-ounce can of sliced mushrooms and warm them with drained crushed pineapple from a 15 1/4-ounce can. Put a rounded quarter-cupful of this warmed mixture over the ham loaf. Sprinkle on some curry powder, top each with a slice of cheddar cheese and broil until the cheese bubbles.

* Good things come in small packages. A skinless wiener provides substantial amounts of protein, B vitamins, calcium, phosphorus and iron.

* Hot meat canapes are great at any party gathering. Grind together 1/4 pound each bologna and cheddar cheese. Add 1/2 small onion, chipped. Blend in well beaten egg and 1 teaspoon mustard. Spread on party rye or bread rounds and broil until the cheese begins to melt.

* Copies of "Sausage Sorcery", a recipe booklet prepared by Union Carbide Canada Limited, may be obtained by writing Family Food Counsellor, Suite 500, 101 Bloor Street West, Toronto, Ontario M5S 1P7.

SAUSAGE SORCERY

* March gives us the first promise of spring. And with winter on the way out, it's time to start a new season with some fresh ideas in meal planning.

* Here are some suggestions from the home economists for Union Carbide, using popular sausage products — such as bologna, wieners and salami — and designed to help you stay well within the family food budget.

* Start the day with a better breakfast. It's the easy way to provide energy for the day's work. Meat in the breakfast menu is a power-booster. Cut summer sausage into thin strips and add it to scrambled eggs. Or try strips of pastrami or salami with grated cheese in your next omelet.

* Children are usually looking for a different lunch. Try broiled beans and bologna sandwiches. Toast bread on one side in broiler. Turn over and top with canned baked beans and 1 slice quartered bologna. Broil until bubbly, 3 to 5 minutes.

* For Sunday brunch, serve this colorful skillet dish: sauté chopped green pepper, onions and cut-up sliced bologna until onion is transparent using butter or bacon drippings. Remove with a slotted spoon to a bowl and brown hash brown potatoes in drippings. Add the sautéed mix-

MANY HAPPY (?) RETURNS

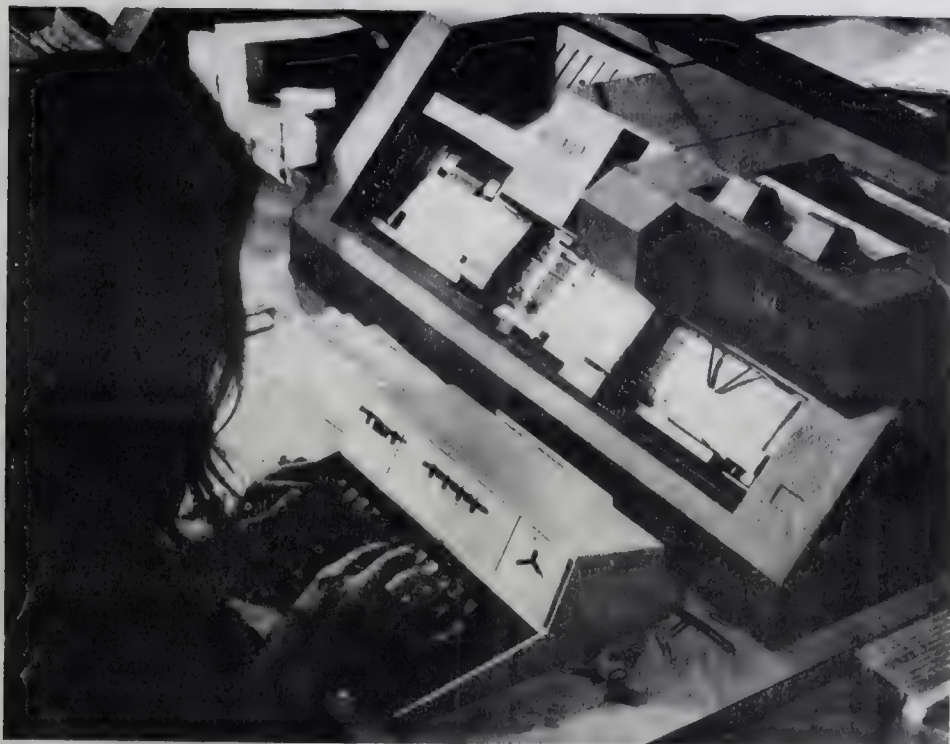

The Data Centre in Ottawa.

Early in the new year, the first completed returns arrive back at the Data Centre. Staffers are on the lookout for the special sticker identifying a return claiming a refund. These returns are then separated for priority processing.

Returns are then separated according to complexity and all enclosures such as T4 slips, receipts and financial statements are stapled in a specific order to facilitate processing.

In the keypunch area, all required information on the return is transferred to computer cards for processing by the computer. Each year the Data Centre employs an extra 2200 keypunch operators during the filing season to handle more than 10 million returns.

What's the most frequently used address in the country? It may not be the most popular one, but the Taxation Data Centre in Ottawa receives more than 10 million tax returns a year, most of them between January and May. But the Data Centre is more than just an address. Perhaps more than any other part, the Taxation Data Centre plays a central role in the operation of Canada's taxation system.

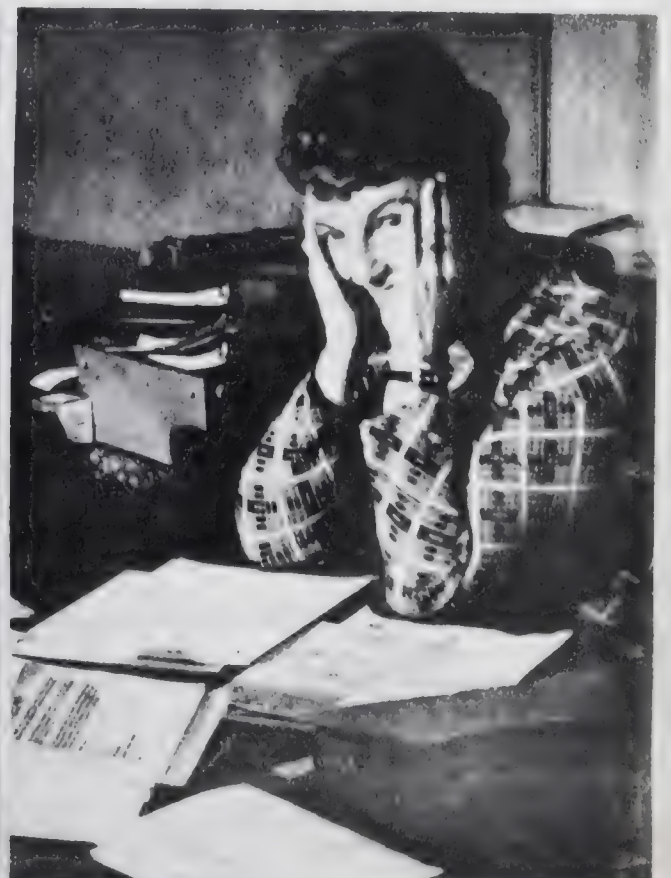

The Data Centre houses the huge computer facilities of Revenue Canada, Taxation — computers that do everything from addressing your personalized income tax return to deciding if you have a refund coming. The department is one of the largest computer users in the country and employs 500 permanent and 5500 temporary staff during the filing season to handle the avalanche of tax returns.

More than anything else, the Data Centre is the place where it is decided if you owe more money at the end of the year or have a tax refund coming. Last year, seven out of ten taxpayers got refunds for a grand total of more than one billion dollars.

Incidentally, there were more than two million errors found in tax returns and, when corrections were made, two-thirds of them were in favour of the taxpayer. It's in your interest then, to file a correct return.

This is it — the computer. The computer is really the heart of the processing system checking taxpayers' figures, matching the returns with previous years returns and pulling together many other factors like Canada Pension Plan and Unemployment Insurance contributions. The computer also discovers any errors made by taxpayers and rejects those returns for correction.

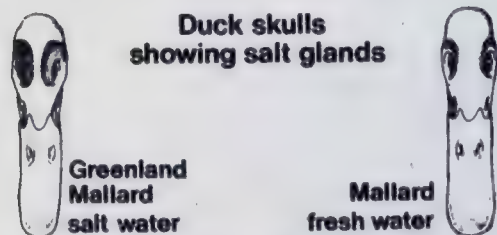

Errors slow down the whole system and can drive you to distraction.

WINNERS

TOP: MINDEN WINTER CARNIVAL BROOMBALL CHAMPS, ALTON MOVERS, RECEIVE THE STERLING HEWITT MEMORIAL TROPHY FROM MRS. BEULAH HEWITT IN MEMORY OF HER LATE SON.
BOTTOM: MINDEN'S TOP HOCKEY TEAM FOR THE 1973-74 SEASON, THE MIGHTY MITE AS ARE SHOWN ABOVE AS THEY PROUDLY DISPLAY SEVEN TROPHIES WON BY THE TEAM AND ITS MEMBERS THIS PAST SEASON.

Marsh World

Ducks Unlimited (Canada)

SALT GLANDS — A bird's kidneys are less efficient than man's in eliminating salt from the blood; yet some birds, such as gulls and sea ducks, live on or near the ocean. How do they accommodate such a high salt concentration in their diet? Nasal glands located on the surface of the skull, over the eyes, are salt-excreting glands. The fluid excreted from these glands, through the nostrils, may contain as much as 5 per cent salt!

NOTICE

Under the Forest Fires Prevention Act,
The period from April 1 to October 31 in each year shall be a fire season.

Fire permits are required in a fire district

- for all outdoor burning except cooking or obtaining warmth

- to ignite fireworks within 1000 feet of a forest or woodland.

A work permit is required to conduct any operation which is liable to cause an accumulation of slash or debris within 1000 feet of a forest or woodland.

No person shall smoke while walking or working in a forest or woodland.

Fire permits may be obtained from local Ministry offices or township fire wardens.

The Whiteoaks of Jalna returns to CBC-TV on Saturday nights at 8:30 p.m., beginning April 20. In 13 one-hour episodes it tells the story of the Whiteoak family, a Canadian dynasty created by author Mazo de la Roche in her well-known series of novels. In front of Jalna, their early Canadian homestead, the two stars of the Whiteoak family, Renny (Paul Harding) and Gran (Kate Reid) are pictured. The scene recalls the horse and carriage era in which the series is largely set.

SPORTS by Cliff Burke

Softball

Just a reminder to all coaches, managers and players that there is a softball meeting at the Municipal building in Minden, Thursday, April 11th at 9 pm. This meeting is for the Senior league and also for umpires. As the second game of the Toronto-Boston Stanley Cup series starts at 6.30 pm., there will be no excuse for anyone not making this meeting.

Broomball

The Lakeshore Annual Broomball tournament will be held this Saturday, April 13, in Colbourne. Minden will play its first game at 12 noon against the Kingston Northend Boys.

The following players are asked to be on the main street of Minden at 9 am ready to go to Colbourne.
Dwight Thomas, Lonnie Davis, Ken Casey, Paul Warburton, Dave Pentney, Kim Collis, Bill Jackson, Paul Fleming, Randy Anderson, Scott Russell, Derek Warburton and Gary Warburton.

Hockey

Two weeks ago the Minden Mite A's travelled to Bobcaygeon to participate in their Annual Mite A tournament. Minden met the host team in their first game and won a thriller 4-3, in a shoot-off. Bobcaygeon opened the scoring in the first period on a goal by Madill. Kevin Warburton tied the score before the period ended on a pass from Ricky McGee. In the second period Madill once again gave the host squad the lead 2-1. Timmy Woods sent the game into the shoot-off when he picked up a pass from Eldon Bull and beat the Caygeon netminder easily from just in front.

Jeff Bolce was the star for Minden in the shoot-off as he stopped the first two Caygeon shooters, before Madill scored his third of the game. As it turned out, Jeff's two stops won the game when Kevin Warburton and Freddie Tofflemire scored on the Bobcaygeon netminder.

This win vaulted Minden into the Championship game against Fenelon Falls. This game was scoreless after one period. In the second period Patterson and Griffin scored to put Fenelon up 2-0. However, before the period ended, Kevin Warburton skated in alone to beat the Fenelon goalie from short range, cutting the Minden deficit to one goal. Fenelon salted the game away in the third period with two goals to win the Championship 4-1.

A point of interest. In the Minden-Fenelon game here in Bobcaygeon, the five goals that were scored matched exactly the five goals scored when the two teams met in the first round of the Minden Mite tournament, right down to the same players in the same order.

O.A.S.A. Convention

This past week-end the writer attended the 52nd annual O.A.S.A. Convention in Oshawa. At this convention I was officially appointed as the O.A.S.A. Convenor for Haliburton County. As Convenor for this area, I will do my utmost to put this County on the O.A.S.A. map. We have a couple of teams in this area this year that should go quite a way in the O.A.S.A. Play-offs, one being the Haliburton Midgets and the other the Minden Intermediates. I also hope there will be a Squirt, Peewee, Bantam and Junior entry from this area.

At the convention I picked up many requests from other Counties for exhibition games and tournament entries for all categories. If the coaches of all the teams in this County will get in touch with me, I will see that you are given this information and I will even offer my services to help transport the fellows to these games and tournaments. So please come to the Senior meeting on Thursday or phone me for any help or information you require. The phone number is 286-1318.

Coming Events

This Saturday evening at 9 pm the Minden Minor Hockey Association is holding a dance to the sounds of Doc Lawrence.

This should be a big affair so plan to be there. Tickets are available from all members of the executive.

TOWNSHIP OF STANHOPE

FINANCIAL STATEMENTS

AT DECEMBER 31, 1973

AUDITORS' REPORT

TO THE MEMBERS OF COUNCIL, INHABITANTS AND RATEPAYERS OF THE CORPORATION OF THE TOWNSHIP OF STANHOPE.

We have examined the 1973 financial statements of the Corporation of the Township of Stanhope. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion these financial statements present fairly the financial position of the Corporation of the Township of Stanhope as at December 31, 1973 and the results of its operations for the year then ended, in accordance with accounting principles generally accepted for Ontario municipalities applied on a basis consistent with that of the preceding year.

Peterborough, Ontario.
March 28, 1974.

HUMPAGE, TAYLOR, MCDONALD & CO.
Chartered Accountants.

(Formerly Trans-Canada Transport Training.)

CARD OF THANKS

Thanks seems such a small word to say to all of you wonderful people who came to our aid in so many ways during our time of need, due to the complete loss of our home and contents by fire on Mar. 13, 1974. Also Minden and Haliburton Fire Departments and Dr. Christiansen.

Mr. and Mrs. John Briggs and Family.

The family of the late Kenneth Johnson wish to express our sincere thanks to our many relatives and friends for their cards, donations and kind deeds. A special thanks to Mrs. Louise Watson and Mr. Lloyd Johnson for delivery of the eulogy. Also Dr. Foster, nurses and staff of Minden Red Cross Hospital. Donations will go towards purchasing a television for the hospital.

Della Johnson and Family.

They taught us to respect our elders when we were young. Now that we're older they tell us to listen to the youth!
— Have You Heard Magazine

OBADIAH ZODIAC

WEEK OF APRIL 12 - 18

ARIES

MARCH 21 - APRIL 20

...help from behind the scenes...delay final commitment...many are attracted to you, make demands on your time.

TAURUS

APRIL 21 - MAY 21

examine new concept...tact in relationships...friends with positive motive interfere.

GEMINI

MAY 22 - JUNE 21

romance favoured...take it easy...heed advice from one close re career...social life prominent.

CANCER

JUNE 22 - JULY 23

close one is difficult...do not be temperamental...attention to domestic scene...favours agreements.

LEO

JULY 24 - AUGUST 23

travel hazard...plans altered...quandary demands discretion...depend on personal energy & intuition.

VIRGO

AUGUST 24 - SEPT. 23

open mind needed now...favours intellectual pursuits...seek and accept advice...strange reaction from close one...

LIBRA

SEPT. 24 - OCT. 23

discretion wins the day...air clears...curb impulse...dramatic change possible...judgement impaired.

SCORPIO

OCT. 24 - NOV. 22

ignore gossip...help from unexpected source...work produces strain...creativity, real estate involvement favoured.

SAGITTARIUS

NOV. 23 - DEC. 21

money causes strife...heed friend's advice...ignore domestic opposition...suggested plan is suspect

CAPRICORN

DEC. 22 - JAN. 20

possible increased earnings...speculation not advised...relatives require attention...one close can help.

AQUARIUS

JAN. 21 - FEB. 19

utilize change...stranger poses threat...possibility of being deceived, mugged...keep specifics a secret.

PISCES

FEB. 20 - MARCH 20

you may be deluded...focus on needs of others...utilize innate good judgement...get caught up.
